Summary: Really similar to the Snake secret code and Palutena Giddiness Conversation In Brawl and Smash 4 this is a Strategy converstaion of the Xenoblade characters there will be also special characters in this story.

Chapter 1: Mario Series

Mario

Shulk: Hey, it's that Mario?

Dunban: That's right, his first appearance was in 1981 and after that he's been really popular and still popular today!

Fiora: But Dunban just looking at him doesn't seem to powerful he doesn't have any weapon, he's also fat, and-

Dunban: Fiora, please! Even though his appearance isn't intimating, he's still really powerful! Anyway, Shulk watch out for his fire balls he can easily get you in combos really quickly so be careful.

Riki: Riki want Shulk to win!

Shulk: Hehe alright thanks Riki, now I will show Mario the Monardo power!

Luigi

Fiora: You know, I feel bad for Luigi he's always in his brother shadow and always being treated like a sidekick…

Melia: Well that's not only true Fiora, he saved his brother twice by overcoming his fear…which its ghost and boos. He's is fater, higher, and stronger than Mario.

Shulk: And he also had his own year called: The Year of Luigi!

Fiora: What? I don't remember that.

Melia: Well it did, but with the fight Shulk watch out with his Super Jump Punch its really powerful.

Fiora: Also watch out for his Green Missile if it's fully charge the attack, you will be thrown back probably off the stage!

Shulk: Whoa…sounds powerful

Melia: But can we keep Luigi after this match pleaseeee? He's really cute.

Shulk and Fiora: MELIA!

Peach

Reyn: You know, for being a princess of a kingdom she must the WORST life if she has been being kidnapped a billion times… jeez either she can't really protect herself or the Mushroom Kingdom had a really bad security.

Shulk: I'll probably go with your second comment Reyn, I mean all of her citizens are mushroom heads named Toads.

Riki: Riki knows a lot about Peach.

Reyn: Alright, what you got fur ball?

Riki: Well Riki knows that Peach is the princess of the Mushroom Kingdom always being kidnapped by Bowser and rescued by Mario, Luigi, or both.

Shulk: Got anything else?

Riki: Riki will also tell you that she can also pick up turnips from off the ground and throw them at you-

Reyn: Hahahahaha! Really?! TURNIPS?! Wow! That's stupid!

Shulk: RYEN! Please don't be like that!

Riki: But Peach rarely the turnips can turn into a bomb.

Ryen:….

Shulk: You really got him Riki

Riki: Hooray Riki did it!

Bowser

Shulk: So it's me and Bowser than huh?

Dunban: It seems like it.

Shulk: You know, Bowser looks and is really strong with his dropkick, his fire breath, his body slam, and others, I have a bad feeling about this…

Dunban: Well that may be true, even though Bowser is really strong he's really slow and he's really variable for him being hit. Here's a tip for you Shulk if you're really high on damage from Bowser, use you Shield art so you won't be K.O'd easily. After that use your Smash arts to easily knocking him off the stage!

Shulk: Alright! You got it!

Rosalina

Dickson: **sigh** You know for being a ruler of a galaxy and mother of the "lumas", Rosalina is really hard on the poor little guys.

Shulk: What's up with you? Why are you feeling really guilty about Lumas? I thought you were a part if the-

Dickson: SHULK?! DON'T SAY THAT! PEOPLE ARE READING!

Shulk: Okay, Okay, calm down and stop breaking the forth wall.

Melia: Awwww that little Luma is so cute I want to cuddle it and sleep with it.

Shulk: Melia, focus don't think something is cute just because it's little.

Dickson: Will you two shut up for once? The Luma is kind of similar to the Ice Climbers Rosalina and Luma works together and perform really strong combos. If you attack the Luma enough it will be K.O.

Melia: What?! Shulk don't you dare try to kill that Luma

Dickson: Don't worry about your little head about it after a little while another Luma will respond again so it would be the same.

Shulk: Uh…who are the Ice Climbers?

Melia: Good Luck Shulk…

Yoshi

Sharla: Who is this Dinosaur? I shall destroy it!

Fiora: Sharla stop! That's just Yoshi, that's one of Mario's partners on his journey.

Sharla: Oh…well I'm sorry about…go on

Shulk: Yoshi dosen't have a double jump but he has a flutter jump that gets him really high in the air. He's really fast with a far egg throw with can seriously hurt.

Fiora: And his final smash has him grow wings and breathes fires, he's also invisible so you can't damage him Shulk.

Shulk: Well…I'll try my best to try to defeat his…Now its Shulk Time!

Fiora: That's my Shulk!

Ryen: HEY THAT'S MY LINE!

Wario

Riki: Ew Riki say that this guy smells bad!

Dunban: Urg! Your right this guy really stinks and stinks bad does this guy ever takes a shower?

Shulk: I don't know…but who is he?

Dunban: That's Wario the opposite and Rival of Mario. He loves money and garlic, and speaking of food if Wario eats enough food he starts to pass gas which that means he'll…fart.

Shulk: One of his moves is farting? That's gross…

Riki: Riki knows right? But farting is really bad for you because farting does heavy damage to go and it also gives Wario a triple jump so watch for fart…and all farts there gross and powerful.

Shulk and Dunban: Urg!

Bowser Jr.

Melia: Have anyone even know how Bowser jr. and the Koopalings were created?

Shulk: No one knows it's one of the greatest mysteries of all time.

Melia: But a side that Bowser Jr. has a Koopa Clown Car which a many forms of attack, Bowser Jr. can also use ha hammer that can do crazy damage so be careful.

Shulk: Thanks for the advise Melia.

Melia: But you know, just looking at the clown car it would get me in the mood to get one.

Shulk: Yeah, I agree with you Melia it gets me in the mood to buy one…if there is any more.

Melia: Why not try asking his father Bowser?

Shulk: I can try…if he doesn't try to kill me…

Melia: Oh…right.

Chapter 2: Donkey Kong Series

Donkey Kong

Shulk: Who is this gorilla?

Dunban: Shulk, that's an ape…

Shulk: Oh…sorry but who is he then?

Dunban: That's Donkey Kong he was once Mario's rival but once Bowser became Mario's enemy Donkey Kong kind of forget about the guy and became his grandfather.

Fiora: Uh…his grandfather? …Why?

Dunban: Only in game years

Shulk and Fiora: What?! ….Okay?!

Dunban: Uh…you two okay?

Shulk and Fiora:…

Dunban: Hey, Shulk here's a tip for this ape. He's really similar to Bowser, his punches are really strong, he has charge punch if you get hit, you'll take heavy damage even you might be K.O'd… are you even listening?

Shulk and Fiora:…

Dunban: **sigh** Our Homs everyone our Homs…

Diddy Kong

Melia: Why is that cute little monkey wearing a Nintendo hat and why does he or she remind me of Donkey Kong?

Shulk: Well, that's Diddy Kong, he's Donkey Kong's best friends and partner. He's a big assistance to Donkey.

Melia: So…what does he do?

Shulk: Well he has a Peanut Popgun which he can charge if he over charges it will leave him variable to get him easily attacked!

Melia: I believe if he holds on to his hat then that means that he's ready to charge and if the peanut is on the ground you can pick it up and eat it to restore your health.

Shulk: How do you know that if you don't know the character?

Melia: Why do YOU know about Donkey Kong's partner and don't know about Donkey Kong?

Shulk:…..I don't know

Melia: Oh, Shulk
